Our Concept

Sweet & Sassy is the ultimate salon, spa and party place specializing in girls' celebrations. With a child-friendly fashion runway, pink party limo, pop-star and princess parties and an offering of spa inspired services tailor-made for the toddler to 'tween' crowd, our fast-growing franchise operation is quickly becoming the known party destination and pampering headquarters for the next generation of American girls.

All experiences demonstrate a commitment to providing exceptional customer service by ensuring that each and every customer receives the best possible care and attention. Customers enjoy top-quality services including haircuts, specialty up-dos, mini-manicures, mini-pedicures, ear-piercing, spa girls' packages and a selection of eight signature parties. All are designed to create a special memory for both children and their parents.
